Enjoy a scenic ride to wild and wonderful West Virginia. Elkins, our home for two nights, is a quaint town located in the heart of West Virginia's mountain highlands. We'll enjoy two shows at West Virginia's first and only "Branson Style" family music, comedy, and variety theater. We'll ride on two very different type of trains, and pay a visit to Green Bank, home of the world's largest steerable radio telescope.

Wednesday: Our bus departs this morning from Trinity Lutheran Church in Kent. We'll arrive at our hotel in Elkins by mid-afternoon. After we check in, there will be time to do some shopping in downtown Elkins. Dinner tonight will be at the Railyard Restaurant. After dinner, we'll enjoy a live 2-hour family music and comedy show at the American Mountain Theater. The restaurant and theater are all within walking distance of our hotel.

Thursday: Today we travel up into the mountains to the National Radio Astronomy Observatory in Green Bank, West Virginia. A guide will take us on a tour of the site. Astronomers from around the world use the Green Bank Telescope to investigate the cosmos. At noon we board the Cass Scenic Railroad and the real excitement begins as the great pistons of the carefully restored Shay locomotive will start pulsing, driven by hundreds of pounds of steam pressure. We'll enjoy a box lunch while onboard. After our train ride, we return to Elkins. Dinner tonight will be at the historic Graceland Inn, located on the campus of Davis College. You will have free time after dinner.

Friday: After breakfast this morning, its time for our second show, entitled "The History of American Music". Then we go to the train station and board the Tygart Flyer. This smooth climate-controlled passenger train has gained a reputation as one of the most exciting mountain wilderness excursion rides in the US. During our four-hour ride, we will enjoy a buffet lunch. We return to the station about 3:00 PM, and then we depart for home, arriving back around 9:00 PM.
